

POTEMKIN
SURRENDERSMutinous Russian Battleship
At Kustenji.

CREW GIVES UP STRUGGLE

All Last Night Crew Exchanged Signals
With Russian Gunboat Pesuope
Which Is Yet Loyal
to Russia.

Kustenji, Roumania July 6.—The mutinous Russian battleship Kniaz Potemkin arrived here at midnight. The port captain boarded the vessel for a conference with the crew.

Throughout the night the Potemkin exchanged flash signals with the Russian gunboat Pesuope, which was inside the harbor and which so far has remained loyal to the government.

A deputation from the Potemkin rowed ashore this morning to treat with the authorities for the surrender of the battleship and the torpedo boat which has accompanied her on her piratical cruise over the Black sea. The mutineers offered to surrender the Potemkin and consort on the same terms offered by the Rumanian authorities on Monday.

The authorities said the same terms would be offered, but they asked that the breech blocks from the guns be surrendered as a pledge of good faith on the part of the mutineers. After hearing the offer of the authorities the deputation returned to their vessel to consult with their comrades. The mutineers appeared to be anxious that no harm should come to the vessel but did not want her handed over to the Rumanian government. They offered to present the vessel to Roumania but the tender was not accepted. Two sailors from the vessel who rowed ashore with the delegation deserted as soon as they reached the quay.

Finally the Kniaz Potemkin was surrendered to the authorities at one this afternoon.

TO PROTECT TOWN.

Fleet Arrived at Novorossiysk Last Night.

Novorossiysk, Russia, July 8.—The Black Sea fleet arrived here last night and will sail southward.

The authorities have placarded the town recommending the people not to go upon the streets should the Kniaz Potemkin appear.

Russian Cruiser at Theodosia.

Theodosia, July 8.—A Russian cruiser has arrived to protect the town. The inhabitants, who fled while the Kniaz Potemkin was in port, are returning.

Its Capture Ordered.

Odesa, July 8.—Vice Admiral Chouknin has telegraphed the governor-general of Odesa that the Black Sea fleet has been ordered to capture or destroy the Kniaz Potemkin.

SUBMARINE CREW
WERE FOUND DEAD

Boat Sank on Thursday and When Raised This Morning It Was Found That All Had Lost Their Lives.

Paris, July 8.—Despatches from Bizert, Tunis, say that the submarine boat Farfadet, which sank Thursday, was finally raised this morning. The crew of ten were found dead when the vessel was brought to the surface.

MANY FIREMEN HURT.

Burned at a Fire in the Upper Floors of a Factory Building.

New York, July 8.—Upward of a score of firemen were seriously burned or overcome by smoke last night during a fire which destroyed the upper floors of a seven story factory building at Hudson street and Ninth avenue. The most seriously injured, all of whom were taken to a hospital, were Lieut. North and Fireman Fred Werner, John Findley, Robert Johnson, Lawrence Easley, Frank Lennon and Neil Donahue. Others less seriously hurt attended on the spot and many of them gallantly returned to work.

DRUGGIST HAS OLD BOOK.

D. F. Davis' Was Printed in London in 1720.

D. F. Davis, the druggist, has a well preserved edition of an old English Dispensary which he claims is the oldest one to be owned in the state. The book is Bate's Dispensary and Pharmacopoeia and was printed in London in 1720. It is also a copy of the first edition of that was ever printed in the English language. Previous to this edition dispensatories were printed in Latin. The book is dedicated to William III, king of England, Scotland, Ireland and France, and the preface is dated Dec. 7, 1693. It is most interesting to read the antiquated prescriptions that were made in those days.

FIRE IN BURLINGTON.

Mayor Burke's House Badly Damaged by Fire.

Burlington, July 8.—An old house on Bissell street owned by Mayor J. E. Burke and occupied by David Ploof and family, was badly damaged by fire last evening. Mr. Ploof and his family had gone to bed when Mrs. Ploof said she thought she smelled smoke. Mr. Ploof arose and opening the door to the room found the rest of the house filled with smoke. He immediately got his wife and two-year-old child out of the house and succeeded in removing one chamber suite and a little bedding, but the remainder of their furniture was practically ruined by fire and water. The roof and back part of the house were destroyed before the firemen checked the blaze.

Mr. Ploof has no idea how the fire originated, as the fire in the kitchen stove had gone out before they retired. There was no insurance on the house or contents and the loss, estimated at \$250, is total.

RUTLAND BOY LOST.

Charles T. Fenders Disappeared Tuesday Evening.

Rutland, July 8.—The local police were notified yesterday of the disappearance of Charles T. Fenders, the 12-year-old son of Mr. and Mrs. John J. Fenders of No. 16 Eagle street, this city. The boy left home Tuesday evening but his parents did not become seriously alarmed until after they had communicated with all of their relatives in the surrounding towns as they thought that they would find their son at one of those places, although he had never left home before without permission. They can give no reason for his running away as he had never appeared to be dissatisfied with his home life.

The boy has jet black hair, hazel eyes, wore a blue coat, brown corded short pants and a black cap. He was barefooted when he left home but may be wearing tennis shoes now. Any information concerning his whereabouts should be sent to Chief of Police J. P. Clifford.

ARRESTED FOR SEINING.

Two Wells Men Say They're Not Guilty.

Rutland, July 8.—B. H. Stickney of this city, who was recently appointed fishgame warden for Rutland county, has begun an active campaign against seiners at Lake St. Catherine, making his first two arrests yesterday. The respondents are Charles and George Marshall of Wells, uncle and nephew.

The two men were arrested and taken to Poultney where they were arraigned before Justice E. C. Ripley on the charge of seining fish. They pleaded not guilty, waived examination and were bound up to the September term of the county court. Bail was fixed at \$150 in each case and as they were unable to furnish it they were placed in the county jail. State's Attorney R. A. Lawrence appeared for the State in yesterday's hearing at Poultney.

ARREST SANDERSON AGAIN.

Charged With Stealing Shoe Uppers from the State Prison.

Windsor, July 8.—Alvah Sanderson, the ex-guard at the state prison, who was recently acquitted in county court of the charge of furnishing convicts at the prison with drugs, etc., was arrested yesterday by Deputy Sheriff J. H. Kinney on the charge of petty larceny. The information was filed by State's Attorney Batchelder and charges that Sanderson took shoe uppers from the prison.

MORRISVILLE DROWNING.

Glee Twiss Lost Life in the Lamoille River Yesterday.

Morrisville, July 8.—Glee Twiss, the twelve-year-old daughter of Clark Twiss, who lives on the Wolcott road, about three miles from this village, while bathing in the Lamoille river yesterday with some young companions, was seized with cramps and was drowned.

SODA TANK
EXPLODED

Harry Kendall and Louis Malnati of Northfield Hurt.

FORMER QUITE SERIOUSLY

Were Charging the Tank When the Feed Pipe Became Frozen, Causing Valve to Fail to Work.

Northfield, July 8.—Harry A. Kimball and Louis Malnati were severely injured last evening by the explosion of a heavily-charged soda water tank, over which they were working in the store of the Northfield Fruit company in the basement of the Universalist church.

The men were charging the gas tank when the feed pipe became frozen. Then the valve refused to work. The result was that the pressure of the gas, which was very heavy, caused the tank to explode. Pieces were blown all about the store. Kendall and Malnati who were working over the tank, were thrown to the floor. Malnati was badly bruised about the head and face, and his hands also were cut so that the wounds had to be dressed. Kendall was more severely injured, and was placed in the care of a physician. A piece of the metal from the tank was blown lengthwise into his hand, and one finger was nearly severed. That the men did not receive further injuries is considered remarkable.

A GREAT CELEBRATION.

Will Mark the Dedication of the Ethan Allen Memorial Tower.

The committees who have charge of the matter of the dedication of the Ethan Allen memorial tower at Indian Rock near Burlington met Dr. Holton, president of the Vermont Society Sons of the American Revolution and discussed the programme of the dedication exercises August 16, Remington Battle day. The celebration will be on a par with those of the unveiling of the Ethan Allen statue and the dedication of the Remington Battle monument. All the troops from Fort Ethan Allen and Plattsburg will be present as well as the Vermont National Guard.

President Roosevelt will be represented by the Hon. Ethan Allen Hitchcock, secretary of the interior, who is a great grandson of General Ethan Allen. Vice-President Fairbanks has been invited and will deliver the principal address. Vermont's poet, Mrs. Julia C. R. Dorr, will contribute a poem, written for the occasion. Secretary Shaw of the U. S. treasury has said he will be present and many men of national fame. In the army, navy and Congress and civil life will also attend, with a large number of prominent citizens of Vermont, members of the patriotic societies, State officials and others.

DR. MERROW'S YACHT.

Is Ashore on Valsore Island With Holes Stove in Her.

Burlington, July 8.—The 40 foot cabin yacht Blanche, owned by Dr. J. W. Merrow, is ashore on the rocks on the north side of Valsore Island with several holes in her bottom.

Dr. Merrow and family and a party of friends left the city Monday for a cruise on the lake. They took along a motor and went ashore on Valsore to remain a few days in camp. While they were away from the yacht a wind came up, driving her upon the rocks.

Assistance was received from Plattsburg and arrangements will be made to take the boat off the rocks and repair her.

LOCAL GOLF TEAM
WAS DEFEATED.

St. Johnsbury Players Won Out Today by the Score of 4 to 3.

in an Interesting Match.

The golf team from the Old Pine club of St. Johnsbury arrived in town last evening for the return match with the Barre Golf club team today. Playing started at eight o'clock this forenoon. The first pair in was Davis of Barre and Turner of St. Johnsbury, the former turning in a card with one up. Peters of Barre and Brooks of St. Johnsbury came next, and the latter had tied the total score with a card of one up. Then C. A. Dodge came in with a two up on Taft and things looked bright for the home team. But Mackay's score showed three down to Sprague, and the visitors won the match, 4 to 3.

The final score was as follows:

BARRE	ST. JOHNSBURY
Davis	1
Peters	0
C. Dodge	2
Mackay	0
Turner	0
Brooks	1
Taft	0
Sprague	3
Total	3

The St. Johnsbury team were the guests of the Barre club at lunch this noon, a spread being served at the links. This afternoon the visitors will go to Montpelier to play a team from the Montpelier Country club.

TWO GAMES
LOST. WHEW!

Giants Took a Bad Tumble at Burlington.

ONE GAME WAS A FARCE

A Recruit, Named Varney, Was Knocked Out of Box and Shaughnessy Finished Game—Plattsburg in the Lead.

Burlington, July 8.—Burlington took both games of the double-header with the Intercitys yesterday afternoon. The first game was fairly decent but the second was farcical in the extreme. Burlington pounded the southern Davis hard in the first meeting, and in the second Manager Daley drafted Varney to twirl. He twirled for a short time and was hit so hard that outfielder Shaughnessy who doesn't pretend to be a pitcher, was brought in to stand up in the box. Wiggs pitched for Burlington in the 7 to 3 game, and "Rube" Vickers celebrated his return from the police court by putting it all over the Hyphens.

The visiting team was weakened by the absence of Apperious in right field, Uniac at short stop and the disability of McMahon, who hobbled about center field as best he could with a spiked foot. Morey went into right field, and Burns took third base in the first game, while Dorman went to short. Davis got his in the first game. Out of the 12 safe swats, Matthews, the colored short stop, with whom Apperious objects to playing, getting four hits, besides playing a pretty fielding game. Owing to Hareton's disability, Aldinger went to first base and did creditable work, and in addition hit the ball hard. Ashmore, Burns and Stankard put up a good game for the visitors and the first two hit the best of their team. While the crowd was pleased with Burlington's two victories, there was not much elation because of the poor playing by their opponents.

The Intercitys started off bravely and scored in the first inning of the first game. They didn't score again until the sixth and then not enough to make any impression on the home team's tally. The clean hits off Davis were mixed in with a lot of bangles by the team back of him. Vickers, in the second, had the Hyphens completely at his mercy, allowing but three hits in the five innings that the farces lasted.

PLATTSBURG IN THE LEAD.

Two Victories Over Rutland Yesterday Put New Yorkers Ahead.

Plattsburg, N. Y., July 8.—Hildebrand, the home team's star twirler, pitched both games of the double-header against Rutland yesterday and won both of them, thereby putting the locals in the lead of the Northern league. The first game was easy because of the ease with which Plattsburg matched up with Dolan's curves. There was more of an argument in the second because Doeschler allowed but five hits in the seven innings that the game lasted. The best work of the day, outside Hildebrand's pitching, was the clever work of Kuhns, the home team's third baseman.

Summary of first game:

	1	2	3	4	5	6	7	8	9
Plattsburg	2	1	0	1	0	3	0	2	9
Rutland	3	0	0	0	0	0	1	0	4

Earned runs, Rutland 1, Plattsburg 4; stolen bases, Ray, Kuhns, Cosgrave, McDonnell; two base hit, McDonnell; double plays, Boucher to Shean to Ray 2, Wells to Bottemus; bases on balls, off Dolan 4; struck out, by Dolan 2, by Hildebrand 7; passed balls, Stotter; sacrifice hit, McDonnell; time, 1:55.

Summary of second game:

	1	2	3	4	5	6	7	8	9
Plattsburg	0	0	0	0	0	2	0	0	2
Rutland	0	0	0	1	0	0	0	0	1

Earned runs, Rutland 1, Plattsburg 1; stolen bases, Doeschler, Stotter; double plays, McDonnell to Bottemus; struck out, by Doeschler 4, by Hildebrand 3; time, 1:30.

BASE BALL NOTES.

A big crowd of rooters is expected down from Burlington today.

Apperious and Matthews are said to have come from the same city in Alabama.—Burlington Free Press.

Show that you still have confidence in the team. There's nothing that will inspire confidence more than that.

Varney, who was knocked out of the box by Burlington yesterday is the old "Dike" Varney of Dartmouth College.

Shortstop Uniac is out of the game for a while with a badly strained back. It is hoped that he will be in shape by the middle of next week.

According to the Free Press Ashmore made a joke of himself with his kicking. Be ladylike, "Ruth," and remember the side-talks on mantras.

Hildebrand is keeping up the great record made by him at Princeton, where he was regarded as one of the greatest pitchers the New Jersey college ever had.

President Lester H. Greene of the Intercity ball team was in Burlington yesterday and witnessed the humiliation of his pet. Yet President Greene is a hopeful man and won't be discouraged.

Manager Daley says that either Coombs or Burns will pitch this afternoon. It is likely to be the former. Both are in poor condition, as, indeed, is the whole team. The players are tired with so much travelling about, but they are game and say this forenoon that they are going to win from Burlington today.

WHY APPERIOUS DIDN'T PLAY.

Intercity's Southern Fielder Has Aversions to Matthews, Colored Ball Star.

The reason why Sam Apperious did not play with the Intercitys in the Burlington game yesterday was race prejudice. Sam draws the color line, and Matthews, the Burlington short stop, is dark. So, the earlier report that Apperious would not play in games where Matthews figured was borne out. This antipathy to anything dark is not new to the slender right fielder, who is a Southerner from Alabama, he brings to Vermont the prejudice which is common in his territory. When Apperious was playing with the Georgetown University nine he refused to play in the Harvard games for the same reason, and Matthews was the bone of contention at that time, also. Burlington plays here today, and it will be interesting to note what stand the local management will take, whether they will allow a regular outfielder to take a vacation when the Intercitys play Burlington, or whether Sam will be given the alternative of playing or leaving the team.

Matthews, by the way, is infusing new ginger into the Queen City aggregation. He is one of the best ball players ever turned out of Harvard University, and he was also a star end on the Crimson foot ball eleven. His athletic abilities and his personal characteristics made of him a hero of the Cambridge university, and he was reckoned one of the most popular men during his last two years there. Besides being an athlete "Matty" is a good student. He is a product of Tuskegee, Booker T. Washington's institution for colored people. He went from that school to Exeter Academy and from there to Harvard, graduating from the latter institution last month.

LONG STRIKE
IS SETTLED

Plumbers to Resume Work Next Week.

OUT SINCE MAY FIRST

Agreement to Run for Three Years and Men Get an Increase of 25 Cents a Day in Wages.

After being out on strike for over two months, or from May 1, the plumbers of this city will return to work next week, the proposition recently made by the employers having been accepted by the union last night and signed today by the parties to the agreement. Those whose signatures are required to make the agreement binding are Henry Phelps, E. A. Prindle, O. C. Russell, John Wallace and C. W. Averill, representing the five firms in the city, and Ben Carpenter, George Lavolette and Robert Ingles, representing United Association of Journeymen Plumbers, Gas-fitters, Steam-fitters and Steam-fitters' Helpers, Local 95. Both sides are feeling good that the difficulty has been patched up, although there was no bitterness in the strike.

There are only about sixteen men concerned, but that number includes all the journeymen in that trade. Since the strike the call for work have been attended to as well as possible by the members of the firms. Some of the strikers also took out licenses and went into business for themselves. The agreement is to run for a period of three years, dating from May 1, 1905. The stipulations to the settlement are briefly as follows:

None but union men in good standing shall be employed.

An eight-hour day, work to begin at 7 o'clock.
